Hi, Steve.

Do you have copies of the R&B fact sheet to give the visitors? If not, I'll make a few and get them to you.

Peter,

Please let me know if you are still anticipating brining up visitors to our operations at the R n B on August 28th, and if you would, please let me know the individual's names and who they're with.

I am planning to be there that week.

Thanks,

Steve

P.S. I will not be able to attend the ARSG meeting this week. In fact, I have not found an email from you regarding the meeting this week.

Steve – I've got a reporter for Durango TV, a local TV station that wants to go up to Silverton this Friday with me to look at some mine sites including the Red and Bonita. I don't know if anyone will be working there yet, but wanted to give you a heads up. Also, the La Plata County Commissioners wanted a tour similar to what we did last week. We are planning on Friday,

August 28th. So you're are welcome to participate. I assume you may be working at both the R&B and Gold King at that time.
